

THIS SPRING AT SAMFORD

As we approach the one-year benchmark of a world filled with the unexpected, we want to be intentional to seek out specific ways to give thanks. Despite the pandemic, Samford is celebrating our twelfth consecutive year of record enrollment, we successfully hosted our students on-campus for an entire semester and 86% of instruction was delivered in-person.

We're grateful for the faculty who displayed tremendous perseverance to make this possible, our students who exhibited selflessness to care for their community and your office who continues to bear with us in flexibility as we wait for the day we can all gather again soon.

We're convinced our annual Samford Showcase acts as one of the best resources to introduce you to our latest updates. This year, in lieu of our traditional conference, we'll be offering a Virtual Luncheon Information Session. We hope you'll join us via Zoom!

From navigating the Application Checklist to making final college decisions, we know it may be more difficult for your students to have questions answered in this season. Our admission counselors will be traveling to host your students and answer their specific questions individually this spring.

It's our goal to provide safe and informative visit options to every interested family according to their comfort level. Our visit webpage offers a comprehensive list of all the virtual and in-person options available for your students to connect with us. For your Juniors, we recommend one of our many Junior Preview Days.

In lieu of our traditional Admitted Student Day, we're hosting a limited number of your seniors on-campus for our weekly Choose Samford events. Families are invited to spend time on campus, meet their future classmates and get an in-depth look at academics at Samford.

Remind your seniors to save the dates for Orientation registration (March 15) and Samford Decision Day (May 1). As always, they can visit their Application Status Page to take the next step, but we recommend their specialized 2025 webpage as well.

STAY CONNECTED

Because we appreciate your hard work so much, we've created a high school counselor webpage just for you. The webpage has resources like a [student referral form](#) and links to webpages that contain more information regarding scholarships and residence life.
